

Lending Closets

Lending Closets rely on medical equipment donations, so equipment availability constantly changes. **Please call first** for availability and the donations they accept.

The Equipment Available column is a guide, not a guarantee, of items being available or accepted. The length of a loan can be on a case-by-case basis. Some lending facilities will extend the loan if there is not a waitlist/demand for that item.

If your doctor gives you a prescription for Durable Medical Equipment (DME), Medicare usually covers the costs for you to order the equipment. Elderwerks can also refer you to DME companies.

If there is no Lending Closet near you or you want equipment for longer than what is loaned, you might be able to purchase equipment at a discounted price at thrift shops such as Savers, Salvation Army, and Goodwill.
