

September 24, 2019

5:00pm – 6:30pm

Pain Management

In recognition of Pain Awareness Month – Please join us for:

Advanced Pain Management Pain Management at End-of-Life

This presentation will discuss the 4 steps in the Pain Process:

- Transduction – How pain is felt & why
- Transmission – How pain is transmitted through the body
- Perception – How the brain processes pain
- Modulation – How to inhibit pain

Presented by: Dr. Howard Weiss

Dr. Weiss, the Medical Director of Medical Pain Management Services, has specialized in medical pain management since 1992. He became a Board-certified anesthesiologist in 1988, received a Certificate of Added Qualifications in Pain Management in September 1993, and was Board-certified in Hospice & Palliative care in 2013. He has been Chairman of the Pharmacy & Therapeutics Committee at OSF since 2003, and a member of the Committee since 2000.
