

End of Life Issues Post-COVID: How Care Planning, Loss, and Grief have Changed due to COVID

Presented by **Kelly Rice**, MPH
Howard Brown Health

The COVID pandemic has had a dramatic impact on our society and older adults have experienced a significant proportion of the morbidity and mortality associated with the virus. The pandemic has highlighted the importance of completing advance care plans to ensure that your healthcare wishes are respected. COVID has also changed the way we are able to approach end of life and honor the lives of those we have lost. Join us for a discussion focusing on end of life issues in the time of COVID.

Wednesday, July 22, 2020
